From the President

Hope you and your ponies and cobs have survived the "polar vortex" without too many problems. While you have your winter clothes out we hope you are planning to head to Minneapolis on February 20-23 for the AGM. Lots of indoor activities are planned so you won't have to worry about the cold!

On board are committee and board meetings, the open forum, the always lively auction, award banquets to honor our lifetime award winners and year end awards winners as well as the year end high score winners in the open division and ending with a judges clinic on movement. I'm really excited to have Dr. Molly McCue and Dr. Elaine Norton from the University of Minnesota College of Veterinary Medicine on Saturday afternoon to talk on New Insights into Equine Metabolic Syndrome and Laminitis. Their talk will include their research and the genetic studies specific to Welsh Ponies. So come Saturday afternoon to see the results of your donations to the WPCSA Foundation!

Our junior members led by Sally Ross Davis have their own schedule for the weekend with all kinds of fun and educational activities planned. While on the subject of Juniors I have to brag on our Juniors that attended the USEF Awards Banquet recently. I heard many comments from people that were involved with other breeds that were so complimentary of their enthusiasm, friendliness, and camaraderie. It made me so proud to be a member of the Welsh world!

See you in Minneapolis!

~ Dr. Ruth

Parvadean The Governor

1993 ~ 2013

USDF Training & 1st Level, and wins in the WPSCA Hunter & Pleasure divisions.

After 15 years, we made the tough decision to let Gov return to England. I can empathize with how my parents felt when I left for college. We had raised Gov into a respectful stallion. We taught him, and let him experience all that he could. It was time to let him spread his wings, and make his mark on his own. Kris Fennessy gave him more than we could have asked for.

Though Gov is no longer physically on this Earth, we feel his spirit every day. When Gobo (Balsuma Llewelyn) & my father spread their bravado in-hand. With Libby's (Balsuma Lady Liberty) eagerness in harness. And most poetically, in that indescribable spark in his grandson's (Balsuma Booyah) step. Plus the hope of the future with his successful nephew Owbe (Oldeworlde Brilliance). For us, his legacy is not measured in the number of blue ribbons but the irreplaceable mark on hearts.

By Bryn Schockett

The Governor, We Called Him Gov...

During a vacation to the United Kingdom, I gained a lifelong friend. No, that does not justify it; a family member. Twenty years has made the castles, Stonehenge and the charismatic faces a blurred memory. But I will never forget that day on a hill in Wales when I met him. He had an enormous bump on his forehead, a sparkling blaze, a quivering lip, vibrant eyes, and a burst of confident energy. He was to be our Gov.

In the months that followed I eagerly awaited to hear of his latest adventures. Letters from Richard Miller told of his growth in both physical development and in the show ring. The pictures of brightly colored rosettes paled in comparison to the joy of my parents on their recollection of his performance at the Royal Welsh.

When he came to the United States it took little time for him to become an integral part of the family, and the local Welsh scene. Those of you who have witnessed him in the ring know he was a larger than life persona. All in all, his journey brought him: 40 plus Supreme Champions and Reserves; the first Section C Legion of Merit; a Stallion Legion of Merit with his successful progeny; wins at the Canadian Carriage Classic & Walnut Hill; Advance-level CDE's; Champion

Trot on sweet boy....

****Parvadean The Governor**

Addition to the WPCSA Board of Directors

Patricia Cochran

My dad always swore that the third word I said was, “pony”... following “Daddy” and “wanna”. And while he was known to tell a tale, or two, I think he wasn’t too far off the truth on this one, because I’ve been in love with ponies and horses

as long as I can remember! As a kid, I loved school, reading (horse books) and drawing (horses). No one was surprised when I pursued a career that combined all these passions: teaching high school literature and art. I loved it so much, I kept doing it for 30 years! Teaching, was my “day job” and my family and farm have been the “every free moment” job!

Lochinvar Farm began in 1986 with the purchase of our first registered Welsh filly. The Sec. A Mountain Ponies are my great love and where I’ve focused my breeding program, but over the years I’ve also owned and enjoyed

Sec. B, Sec. D, and Half-Welsh ponies. The beauty and talent of the Welsh breed never ceases to amaze and inspire me.

With many years of experience, both breeding and showing ponies, and as an established judge, I am greatly honored to join the WPCSA Board of Directors. I am looking forward to continuing my work with the youth, judging, and publication committees. I believe strongly in this organization, and this breed, and am offering my skills as an educator, writer, and artist to strengthen our mutual endeavors.

The Captivating Section C

by Melaine Bell

photo above working ponies on Donna Chase's Siberian Farm in Maine

Welsh Ponies have long captured the minds and souls of most equestrians. Mention the Welsh pony and everyone recounts an adolescent story about their early ventures with their beloved and sometimes naughty, childhood companions. When asked to write on the Section C Cobs, I thought my job would be an easy task and a small diversion from my background with the Section B ponies. Wrong! Come along with me now on the road to discovering the rare and charming Section C Cobs!

I began my journey with tracking down the history of the Section C cobs. From references in early Welsh literature, it was evident the Welsh Cob was well established by the 15th century. First written references to ponies and cobs in Wales appeared in the laws of Hywel Dda (Hywel the Good), ruler of Deheubarth. This literature mentions three types of horses and ponies, the Palfrey, or riding pony, the Rowney/Sumpter or pack horse, and the Equus Operarius or working horse of light build, a cob rather than a draft horse.

Available evidence suggests that the Welsh Pony had existed for hundreds of years, running wild in the country side. They eventually became such a nuisance to the shepherds and farmers, that Henry the VIII (1509-1547), decreed in 1541

that “nags of small stature” were to be eliminated. War horses had to be able to carry a soldier and his armor. King Henry wanted to insure a “buffer” of such horses for defense of the country. Luckily this outlandish law did not lead to the annihilation of the ponies. Queen Elizabeth I later annulled these laws in 1566.

About 1700 A.D., farmers began to realize that ponies and cobs could be an asset when grazed with sheep and cattle. A market gradually developed

for the cobs doing light farm work. They often plowed fields, carried the farmer to market, or drove the family to church on Sundays. The demand for these animals increased, and more people developed an interest in their breeding. Stallions were carefully selected.

In the 18th and 19th centuries, before the development of the car, the Welsh cob was the speediest mode of transportation in Wales. Tradesman, doctors and other businessmen tested

Siberian Magic pulls a sleigh on Donna Chase's Siberian Farm in Maine

them to select the best ponies. The ponies were required to trot uphill, 35 miles from Cardiff to Dowlais, never breaking gait. The best ponies completed this feat in less than three hours! Until 1918, this was one of the selection processes for breeding stock.

After the formation of the Welsh Pony and Cob Society in 1901, the section C ponies were categorized with the Section D cobs. The section C continue to develop by the crossing of section A with the larger section D cobs. The current standards for the Section C and Section D were finalized in 1949, separating the cobs into two classifications, with size being the main difference. The Welsh Pony Society now required the section C ponies to be 13.2 and under and allowed the Section D to have no height limitations.

Just after World War II, the section C cobs dwindled to only 3 existing stallions, Welsh Patriot, Welsh Echo and Teify Brightlight. From these humble beginnings emerge the present day section C, Welsh pony of cob type. A stronger counterpart to the section A, the smaller cobs true value was quickly recognized and their numbers increased. Active, surefooted and hardy, these ponies soon became ideal mounts for both adults and children. Excelling under saddle and to cart they became the “ultimate ride and drive” pony.

While the Section C enjoyed a healthy regeneration in England, they have not enjoyed the same resurgence in the U.S. They have the least number of registered ponies with the Welsh Pony and Cob Society of America. The scarcity of these cobs intrigued me to pursue more information on these ponies.

While flipping through a “Rural Heritage” magazine, I came upon article on “Colored Cobs”. This inspired me to go outside the prevalence of driving, jumping and show ponies to see what other endeavors these clever and athletic ponies were attempting.

It was through the help of successful cob breeders like Donna Chase of Siberian Farms in Maine, that I learned the true merit of these extraordinary ponies.

Donna says, “Most of our farm use is just for fun and to try different things. We cut, rake and move hay, cultivate the garden, level ground, and skid logs.”

In winter their Section C stallion, Siberian Magic can often be seen pulling a sleigh in a winter wonderland! Donna recently sold two of her section C crosses, with both ponies leaving the “working pony” status. They took on new careers, one as a dressage pony and one as an event pony. “I think this speaks volumes for the versatility of the Welsh Cob,” remarks Donna.

Carol Maurer of Gaslight Farms also agrees with the working pony aspect for the section C cob. She commented, “I am so glad that you are presenting them from the working pony angle. We have always felt it was critical to breed as much (if not more,) for disposition as for general type, knowing that there will always be a place for a pony that can do a job, whether it meets someone’s opinion of “perfection” in the show ring.”

That is not to say that the C cobs are not fabulous show ponies. Jayme Nelson of Pine Ridge Equestrian Center, is co-owner of a beautiful bay gelding named “Miracles Happen”, aka “Roy”, in WPCSA aka “Miracle the Captain.” Purchased from Paulette Johnson of Miracle Welsh Farm in Phelps Wisconsin, Roy and rider/co-owner Maya Lovdal, competed briefly in the pony hunters before finding their true calling in pony jumper. He is currently jumping 3’ - 3’3” on the pony circuit and looks to be well on his way to the Pony Finals.

Says owner Jayme Nelson, “He is so smart and athletic and truly thinks he is a big horse! His work ethic is phenomenal and I love him!”

Regardless of whom I spoke with concerning the cobs, Section C owners all responded the same way. These ponies are hardy, strong, smart, charismatic, beautiful and athletic. They excel at jumping, driving, working or becoming the family pet pony. Section C ponies are small in stature but big in productivity. Experience the magic and become captivated by the section C cobs!

Miracle the Captain bred by Paulette Johnson currently competes in pony jumper

South West

Megan Burtness, CA, (805) 459-2918
megan@bridlewoodwelsh.com
Ashley Mason, CA (925) 784-5776
sacredcrossranch@yahoo.com

We would like to introduce you to the new SW Regional Reps, Megan Burtness and Ashley Mason, and invite you to not only share all of your Welsh news with us, but also contact us with any concerns, questions, or help you might need involving WPCSA and Welsh matters. We are here to help you in any way you need, from helping you contact the BOD, to putting on shows, and everything in between. Please call or e-mail anytime: Megan Burtness - 805-459-2918 megan@bridlewoodwelsh.com Ashley Mason - 925-784-5776 sacredcrossranch@yahoo.com

With all of the SW in a serious drought it almost feels like spring around here. Breeding season will be off to an early

start and foaling season is already upon many of us. Sterling Creek Welsh has already welcomed their first foal of the season. Their mare, Goldhills All That Glitters gave them a lovely colt (Sterling Creek OMG) by their stallion, *Holyoake Copper-Field.

Some Welsh Ponies are also finding new homes in the SW and we would like to congratulate the new owners of BridleWood Fool's Gold on their new purchase and welcome them to the Welsh world. BridleWood Fool's Gold is a many time WPCSA US National Champion and was owned by Sydney and Carrie MacWhorter. The SW Region looks forward to seeing this wonderful pony out at the shows with his new owner and rider!

North Central

Donna Ley, MN, (320) 387-3319, sdlwelsh1@aol.com
Joann Williams, WI, (414) 378-2231,
jwcambridge18@yahoo.com

The North Central region was very busy this summer, with 4 WPCSA shows in Minnesota/Wisconsin. The Heart of Minnesota

Welsh club started with the Bronze in Benson show on June 1. It was a cold, raw, windy day and most of us had green ponies, but we survived and actually enjoyed the day! Renee Bush was our judge and she helped make it a low stress show with lots of pony fun. Her supreme champion was Bridlewood Double Down (who was also the English Pleasure champion) owned & shown by Nikki Braxmeier. Reserve went to Cat Creek Peachie Me, owned by Monica Nelson and shown by her son, Scott Ridley.

The next weekend was the Northwoods Welsh Pony & Cob Show in Black River Falls, WI, put on by the River Valley Welsh club. It was double judged silver with Connie Moore and Pam Whitfield as judges. Supreme Champion under Connie Moore was Bridlewood Double Down, owned by Nikki Braxmeier and reserve was Crilban Halapena Popper, owned by Karen Impson. Dr. Whitfield's Supreme Champion was also Bridlewood Double Down, but her reserve was NA Northland Sparkies Royalty owned by Don Rudeen and Harvey Anderson. Half/Partbred Welsh Grand Champion under both judges was Drumlin Division Bell, owned and bred by Mary Dahlin. Mrs. Moore's reserve was Cuesta Miami while Dr. Whitfield chose the foal, Cuesta Carmelita, both owned by Elizabeth Oness. Grand champion gelding under both judges was Gallod Ffantastic, owned by Joann Williams with reserves being Elite Incahoots, owned by Jackie Tyler, and Crilban Chip off the Block, owned & bred by Karen Impson.

July saw everyone in Minnesota for the Heart of Minnesota Welsh Classic I & II, back-to-back silver shows over 3 days. If people are looking to see where the section A ponies rule the show ring, they need to come to Minnesota! We had 21 section A ponies shown, 11 section B ponies, 6 cobs and 8 half Welsh. The A's tended to dominate the driving classes while the B's and Half Welsh filled the riding classes. Supreme Champion of Show under judge Joann Williams was Bridlewood Double Down and her reserve was KEKAJO Adienna Rose, owned by Chuck Erickson. Judge Jane Fischer deThouars also chose Bridlewood Double Down as her Supreme but picked Cat Creek Peachie Me, owned by Monica Nelson, as her reserve. Supreme gelding under both judges was Whispering Spycatcher, owned by Kristin Kallsen & Vince Eckstein. Mrs. Williams chose Gallod Billy Bala, owned by Dona Currie, as her reserve while Ms. deThouars chose the handsome cob, Gallod Braint, owned by Susan Stepney for her reserve. Half/Partbred Welsh Grand Champion under judge Williams was Drumlin Division Bell, owned by Mary Dahlin, with reserve going to SDL Diamond Tiara, owned by Amanda Ley. Judge deThouars chose SDL Diamond Cascade, owned by Dona Currie, as her Grand Champion and Rylee Jo Erickson's beloved mare, Sugar Cookie, was her reserve.

We were all happy to take what we'd learned at the summer shows to get ready for the final show of the 2013 season. Labor Day weekend, we were delighted to have Tiz Benedict and Suzan Stevens for our judges at the Heart of Fall show. Judge Benedict chose Cat Creek Peachie Me as her Supreme champion and Bridlewood Double Down as her reserve. She chose Susan Stepney's Gallod Braint as her Supreme Champion gelding and CLEJAE Louie, bred and owned by Chuck Erickson, as her reserve. Grand Champion Half/Partbred Welsh was SDL Diamond Cascade, owned by Dona Currie, with reserve going to the foal, Zippy Royal Escape, bred & owned by Amanda Ley. Judge Stevens put up Bridlewood Double Down as her Supreme Champion and Cleghorn Old Fashion Love Song, owned by Monica Nelson, as her reserve. Supreme Champion

gelding went to Gallod Billy Bala, owned by Dona Currie, and reserve to CLEJAE Louie. Grand Champion Half/Partbred Welsh went to SDL Diamond Tiara, owned by Amanda Ley, and reserve went to Kristin Kallsen's lovely mare, Sweet Jasmine.

These halter results are only a small part of what really happens at the shows in the North Central region. The performance classes are always full of people who are enjoying their ponies in every way imaginable. The sense of family is renewed each year as we meet again and show off new ponies we've raised or purchased. People new to the breed and to our shows are embraced and treated like long lost friends. Everyone cheers like crazy when the kids come in to ride and for the "Rusty Stirrup" people who are brave enough to ride after they've turned 40! People are borrowing/loaning tack to each other and riders/handlers show with and for competitors. At the end of the day, we're all bound together by these extraordinary ponies and cobs that we all love.

I hear thru the grapevine that we are planning at least 4 shows again in 2014! We hope that everyone can come out and play with us. You are NEVER too old or too big to enjoy a Welsh!!

This fall we wrote to each and every member of the Southeast Region and asked them what they thought was good about the WPCSA and what areas could be improved. Although we listed all the current membership benefits, we essentially conducted an open-ended poll. Several members responded with ideas from their "wish list" and others also gave us some new, thought-provoking ideas.

Our next step is to present our results to the other Regional Representatives and the Board of Directors in Minneapolis. Some of the comments which follow were supported by several members

while others were submitted by only one individual. To help us get a better idea of priorities and perhaps achieve consensus, we would welcome your feedback on the input we have already received. We can provide additional details on many of these suggestions in Minneapolis, but for now please review the suggestions below and let us hear from you:

Awards, Sanctioned Shows and Open Competition

- List the open competition award on the home page of the WPCSA site;
- Offer Regional Awards;
- Evaluate the current national awards program; consider combining/eliminating some awards;
- Revisit having the American Nationals in the same place (Tulsa) every year;
- Expand show coverage – more shows closer to Mississippi and more local shows in Middletown-Chesapeake area (pick up show dates that Irish Tulip cancelled);
- Have judges spend a few moments after awarding the Supreme to give the reasons for their choices;
- Combine or eliminate some classes at sanctioned shows; there are too many classes with too few animals in them; and
- Offer simple Introductory and Training level dressage tests or provide a "test of choice class" at sanctioned shows.

Registration and Breeding

- Set the registration deadline as December 31st of the year born – it would offer a chance of getting photos without the foal hair;
- Initiate stallion licensing – see the UK form for details – two testicles (size), teeth/bite, and eyes; and
- Revisit the amnesty registration program – this was a great idea but needs to be promoted again: contact former members; offer a short time discount for horses 2 and older.

Publications

- Continue to publish the Registry – even if it is not hardbound;
- Email a quarterly or biannual newsletter to "former members" to keep them involved and encourage them to rejoin;
- Issue a Membership Directory;
- Update the website and keep it more current;
- Consider an occasional general mailing to former and current members not on email;
- Combine the Journal and Review; and
- Email members a quarterly newsletter with information about upcoming shows, clinics, rides, etc.

Publicity and Outreach

- Expand or initiate an outreach program to USPC and 4H;
- Promote the open competition award extensively;
- Redouble the effort to get articles about Welsh in various publications such as Dressage Today, Young Rider, The Chronicle of the Horse, and sport horse magazines; and
- Advertise the Open Competition Award in other magazines.

General Comments

- Be careful, don't change too much of what is not broken—I have spent years (30) showing USHJA –there is no comparison in my opinion to the goodness of the Welsh people;
- The WPCSA is a wonderful organization –Everyone from the WPCSA main office to the ladies in the entry booths are more than willing to help you out in any way;
- The Welsh ponies are so wonderful – they have good minds;

- Know and maintain breed type – do not change something that is so good; and
- Consult the members before any major changes or decisions are made – emails are an easy way to get consensus.

Margaret Almond is calling a meeting of all the Regional Representatives in Minneapolis to discuss these and other ideas that we can consider pursuing. Anyone who will be at the AGM is invited to attend and share their input. If you are not planning to be in Minneapolis, please email or write Margaret to let us know which, if any, of the above ideas you would support or what ideas you would add to our listing.

Canada

Tracy Dopko, Alberta (780) 892-7930,
info@daventryequestrian.com

My name is Tracy Dopko. My husband and I own and operate Daventry Equestrian, located in Darwell, Alberta, Canada. I have been a Life Member with the WPCSA for over 10 years and focus on breeding Section B, D & Half Welsh. We currently stand three WPCSA stallions and produce a few foals each year. I am also an Approved WPCSA and USEF Welsh Pony Judge and on various Welsh Committees with both organizations.

Several Canadian WPCSA members had successful show seasons in 2013. Daventry Equestrian's homebred Section B stallion

Daventry's Power Play (Alvesta Picasso x Pajon's Royal Flirt) was approved with the ISR/Oldenburg Registry and was also the overall winner of the 2013 Stars of the West Sport Pony Challenge Cup Finals. Their Section D Welsh Cob stallion Goldhills Brandysnap (*Okeden Taffy LOM/AEO/OD x *Okeden Britannia LOM) was also Lifetime Approved with the ISR/Oldenburg as well as the OHBS (Weser-Ems Pony).

Cajonat's Encore (Alvesta Picasso x Ajawaan), a Half Welsh mare owned by John & Natalie Lobo of Cajonat Farm in Onoway, Alberta, was given Premium Mare Status and named the Highest Scoring Pony mare in North American in 2013 with the ISR/Oldenburg Registry. Encore's full sister, Cajonat's Trilogy, a Half Welsh filly was awarded Silver Premium Foal status at her 2013 RPSI inspection.

Goldhills Toffee (*Okeden Taffy LOM/AEO/OD x Toandos Titwillow) made her debut on the hunter/jumper A circuit in 2013. She is owned by Tammy & Ron Cooper of DreamTime Equestrian in Sherwood Park, Alberta. Toffee came away from her first A circuit hunter division with a Championship cooler and also had successful ribbons in her first jumper division. She was inspected with both the ISR/Oldenburg Registry and OHBS (Weser-Ems Pony) in 2013 and entered into the Main Mare Books. DT Mr. Snaps (Goldhills Brandysnap LOM x Young's Arrest That Flirt), a Section C gelding bred & owned by DreamTime competed at the 2013 Stars of the West Sport Pony Finals and was the Champion 2-Year-Old Sport Pony.

I would love to hear from other WPCSA members who reside in Canada! You can contact me with your news directly at info@daventryequestrian.com

THIS & THAT

- A transfer of ownership with “and” between the owners requires all signatures while an “or” ownership requires only one signature to sell.
- The Classified Ads are the most visited pages on our website.
- Customer ID numbers are membership numbers and do not change each year. Please make sure you are using the correct numbers on entry blanks.
- The best way to make sure your pony isn't “lost” is to send in the transfer of ownership yourself when you sell it.
