Judged on the ability and skill of the Junior in handling their pony/cob/half-Welsh/Partbred as in the breed ring. The show qualities of the pony/cob/half-Welsh shall not be considered, although cleanliness and grooming can be considered. Exhibitors enter to the left so as not to obscure the judge's view. The judge evaluates the ability of the junior to follow directions, use space wisely, and execute the requested patterns. Juniors should appear "ring wise", be alert to the judging progression and be prepared for changes in the judging routine.

### **WPCSA RIDDEN WELSH CLASSIC SEC. A&B (Article 115.7)**

The show qualities of the animal shall not be considered, although cleanliness and grooming can be considered. Exhibitors enter to the left so as not to obscure the judge's view. The ring procedure should be the same routine used when judging standard halter classes. The judge evaluates the ability of the junior to follow directions, use space wisely, and execute the requested patterns. Juniors should appear "ring wise", be alert to the judging progression and be prepared for changes in the judging routine. Entries shall enter the arena at the walk in a clockwise direction. The Judge shall request all four gaits (walk, trot, canter, gallop) in at least one direction, but animals need not show in both directions. The judge shall consider the size of the ponies/cobs, ages of riders, safety of arena when determining whether to have the animals perform as a group or individually. Individual pattern is optional at the judge's discretion. Entries shall not be stripped as conformation score from the qualifying class shall be carried forward.

## **CONFEDERATION FOR WORKING EQUITATION & WE United**

Go to [weiausa.com](http://weiausa.com) for a complete listing of rules and downloads of various items of interest such as dressage tests, etc. There are three trials that are offered at this Working Equitation competition. They are:

**DRESSAGE** – Prescribed dressage tests are ridden at each level. Each movement is given a numerical score, and collective marks are given for impulsion, compliance, calmness, rider's position, etc. The dressage tests are designed to both test the horse and rider as well as to serve as an aid in training. The movements at each successive level build upon movements of the previous levels and coincide with the type and difficulty of movements expected in the Ease of Handling and Speed trials at the corresponding levels.

**EASE OF HANDLING** – Obstacles are set up to simulate the difficulties encountered by a horse and rider in the field. Obstacles are numbered and are ridden in order. The goal of this trial is to negotiate the obstacles with accuracy, ease, and smoothness.

**SPEED** – The obstacles utilized in the Ease of Handling trial are ridden at speed with no emphasis on style. Individual scores are based on elapsed time through the obstacles with time penalties added for mishandled obstacles. This trial is designed to test the rider's co-ordination and capacity for anticipation in addition to the horse's qualities of submission, speed, attention, and finesse.
