

VII. CARRIAGE PLEASURE DRIVING

MUST be open to ALL breeds; Submit results on Entry Form A

All carriage competitions must have a minimum of three (3) horses in the class to be counted for WPCSA Open Competition year-end points. No year-end points will be awarded to any equine that does not meet the age requirements for competition as defined by the American Driving Society (ADS) or the United States Equestrian Federation (USEF).

One award is presented in each section - single, pair/tandem (referred to as a pair), and unicorn/four-in-hand (referred to as a multiple) and includes classes such as working pleasure, reinsmanship, turnout and the various obstacle driving classes. If a pair or a multiple is separated and shows as a single, they will accumulate points as a single (pair points will NOT follow the equine). A separate entry fee must be paid for each member of the pair or multiple.

Points will be awarded as follows:

| | | | | | | | |
|----------|-----|-----|-----|-----|-----|-----|---------------|
| Placing: | 1st | 2nd | 3rd | 4th | 5th | 6th | Participation |
| Points | 8 | 6 | 5 | 4 | 3 | 2 | 1 |

Show Champion + 5 points; Reserve Show Champion + 3 points (must be based on accumulation of points received at the show.)

One day shows: Points for each class will be awarded as per the above; for two (2) day shows, points for each class will be as per the above times 2.0; for three (3) day shows, points for each class will be as per the above but times 3.0. Points from carriage pleasure driving shows held in Canada will follow the above rules for pointing.
