2011 AROUND THE PASTURES

Around The Pastures – 2011 is essentially a statistical study of entries in Volume 59 of the Welsh Pony and Cob Society of America Stud Book. Written as a series, and published yearly in the WPCSA Journal, the purpose is to give accurate information about the “state of the breed” regarding the breeders and animals most active in managing this aspect of Welsh ponies and cobs in the U.S.

When analyzing most trends (without using the term “total”) all U.S. bred animals will be the data base used with those born in other countries not represented. When “total registrations” are the basis all animals registered in the given year will be included without regard to their country of origin.

Emphasis is definitely on the animals bred recently in the U.S., the stallions and mares involved and the breeders making the decisions.

Total registrations dropped to 430 in 2011 compared with 508 in 2010. Although not the focus here, it can be noted that registrations of animals bred in the United Kingdom, Canada and other countries remain high and showed an increase: Fifteen (10) born and registered in the U.K., fifteen (10) from Canada and 4 (0) from Holland. (Two from Germany are included in 2010 statistics.) Figures shown in parentheses refer to 2010 and are included for comparison.

BREEDERS:

One hundred seventy-nine (254) breeders bred 396 (485) U.S. bred ponies/cobs for Volume 59. Twelve (11) breeders, each registering six or more animals, bred 113 (106) ponies/cobs with 167 (243) others accounting for the remaining 283 (379) entries.

Prefixes registering 6 or more foals in 2011 regardless of year foaled were: (*denotes less than six in 2010)

The Promise, TX 25 (22) A
Evans, OR 12 (*) A/B
Dandardel, KS 11 (9) A/B/C
Farnley, VA 9 (*) A/B
Gayfields, AR 9 (*) B
Shenandoah, VA 9 (*) A/B

Divine, AR 8 (*) B
Cherubs, TX 6 (*) A
Clanfair, OR 6 (*) B
Fferm Gwenffrwd, 6 (*) A/B
May-B, MS 9 (*)
Patchwork, KS 6 (9) B

Late Registrations and 2011 foals were split almost equally for Vol. 59 with 203 and 193 respectively.

TOTAL 2011 REGISTRATIONS:

The 2011 Stud Book will contain 430 (508) total entries, including Sec. A, 157 (167); Sec. B, 220 (256); Sec. C 18 (28) and Sec. D 35 (44).

The Sec. B total is still higher than the other three sections combined.

SIREs:

Only Six (9) stallions produced 6 or more foals for this volume. It is interesting that only one was an imported stallion.

B Farnley Triton	10	A Evans Electric Tom Cat	6
A Asgard Solar Flare	6	D North Star Brenin Cardi	6
D *Deoniath Fly Boy	6	A Stonecroft Handsome Lad	6

About 99% percent of 212 stallions used to produce 396 U.S. foals sired 5 or fewer foals each.

A geographic analysis of 396 U.S. foals in this volume shows the following breakdown by show zones:

ZONE	PONIES/COBS	BREEDERS
NW	62 (89)	23 (43)
SW	33 (49)	21 (33)
NC	52 (60)	30 (34)
SC	111(128)	34 (55)
NE	46 (79)	24 (41)
SE	92 (79)	50 (47)
HAWAII	0 (1)	0 (1)

Foals from 36 states were registered. No foals were reported in Alabama, Alaska, Connecticut, Hawaii, Louisiana, Maine, Montana, Nebraska, New Hampshire, Nevada, Rhode Island, South Dakota or Wyoming.

The Central area still registers the most foals while there are still more breeders registering in the East, but the gaps between the two areas continue to diminish. The largest losses in breeding activity are on the West Coast.

Unfortunately due to modern science, it is impossible for these articles to continue the traditional listing of the oldest stallions at time of service for Vol. 59 foals. Frozen semen allows the possibility (and the reality) of foals being sired by stallions long deceased. Only one mare 25 years or over at time of foaling appeared as a dam in Vol. 59. Foaled in 1985, Woodridge Fancy Me was 25 when she produced a foal in 2010.

used: *Menai Nightingale (Sec. A), and Sec. C's *Menai Crisialis, *Parcbedw Starlight and *Tyngwndwn Rebecca

2012 WESTERN REGIONAL SHOW

The 2012 Western Regional show was hosted by the Welsh Pony and Cob Association of California and at the beautiful Brookside Equestrian Park, in Elk Grove, Ca. Even in the declining economy the show was able to draw 109 ponies and cobs. We were especially

Supreme Champion Clanfair Signature

thrilled to have Mr. Harold Zoet from the Netherlands as our international judge; he was a favorite of both exhibitors and spectators alike. It felt like this year's show was quite possibly one of the best shows we've had in several years. The planning that went into the event really paid off. Some new ideas were incorporated and seemed to be well received. People who committed to do projects in the pre-show stage all did what they said they would do – and did a great job. The incredible volunteer force was awesome. Everyone who had volunteered showed up at their designated time, and worked their schedules, and in some cases, did more than they'd offered to do.

In 2012 several new high point awards were offered which heightened competition among those vying for the high point awards. Many exhibitor favorites were continued, such as free stalls for those who brought 5 or more ponies or entered classes early, bonus cash prizes for each Performance Division with three or more entries as well as the Breeding Division at the Western Regional, Silky's pub and of course the swimming pool! The Exhibitor's Dinner Friday evening was a huge success, especially with the entertainment of our "Fun With Fido" gala. All exhibitors who had entered the show prior to the closing of entries were rewarded with a free dinner. Brookside Equestrian Park also provided a Fiesta Night, Hors d'oeuvres Night, and Ice Cream Sundaes one afternoon.

Classes were well filled with quality animals. Mr. Zoet judged the Western Regional in-hand classes and selected Section B Stallion Clanfair Signature as his Supreme Champion, with the Section B colt *Mynach Master Class as Reserve Supreme. The Pacific Coast Classic in-hand division was judged by Mrs. Cohen-Wichner who selected the big moving Section A mare Gaslight Siocled Kiss (Chocolate Kiss) as Supreme Champion and the Section B colt *Mynach Master Class was again named Reserve Supreme.
