

RULES FOR SUBMITTING STALLION SERVICE REPORT

1. A record of stud service will be maintained by the owner(s) of a stallion, and a Stallion Service Report listing all mares served must be filed in the Society headquarters not later than December 31 of the year of service. The report must be complete in all details including the inclusive dates if pasture bred. An annual \$15 fee must accompany the report.
2. Stallion owners using a stallion with seven or more mares should use the long form (beige). When one to six mares are served by the same stallion, the short form may be used (white).
3. DNA typing is required prior to offspring being registered for the following: a) all stallions for which the first stallion service report is submitted for breedings after the 1995 breeding season; b) any stallion breeding three or more purebred Welsh mares during 1998; c) any stallion breeding two or more purebred Welsh mares during 1999; and d) any stallion breeding one or more purebred Welsh mares after the 1999 breeding season.
4. A separate report is filed annually for each stallion.
5. After a mare is bred to one stallion, at least 42 days must elapse before the mare can be bred to a different stallion, unless, after 21 days the mare owner provides the Society headquarters with a veterinarian certificate stating the mare is not in foal. In lieu of this, the resulting foal must be DNA typed and the results shown to be in harmony with that of the listed sire.
6. A one-time \$75 additional registration fee, a clear 5 x 7 or 4 x 6 color photograph, and the stallion's Certificate of Registration must accompany the first Stallion Service Report submitted for a stallion. After recording the stallion as a registered stud, the Certificate of Registration will be returned to the owner.
7. If a stallion for which the stud fee has been paid is gelded within 30 months after the first reported service, \$50 will be refunded upon receipt of a completed Castration Report and the stallion's Certificate of Registration by the Society headquarters.
8. A penalty of \$5.00 will be charged for each month the Stallion Service Report is delinquent to a maximum of \$50.
9. The Stallion Service Report must bear the signature of the recorded owner of the stallion, or authorized agent, or of the person leasing the stallion under a recorded lease.
10. Rules and regulations on the WPCSA Artificial Insemination program may be obtained by writing the Society headquarters. Only foal applications meeting the Stallion Service Report requirements and the Artificial Insemination requirements will be accepted.
11. Rules and regulations on the WPCSA Embryo Transfer program may be obtained by writing the Society headquarters. Only foal applications meeting the Stallion Service Report requirements and the Embryo Transfer requirements will be accepted.
